The Compassionate Friends is a group for families who have had a son or daughter die, sister or brother die, or a grandchild die. Although we are not counselors, we encourage you to reach out to your fellow Compassionate Friends and have a chat, knowing that it will not be easy to make that call or to come to a group. We do care so you may find an answering machine when we are not available. As you and your call are important, do leave your name and number so your call can be returned as soon as possible. Our warmest thoughts are with you.
